Incentives are available when using the builder's Preferred Lender and Closing Attorney. The 4.99% interest rate (5.20% APR) is offered to qualified borrowers and is subject to change without notice. Actual rates, APR, monthly payments, and loan terms may vary based on credit profile, loan amount, property type, and location. Additional points, fees, and charges may apply and are included in the APR. Not all applicants will qualify. This incentive may be combined with our Military Incentive, which includes whole-house blinds.
